Girl you know my phone's off
You can try I'm not replying
I've been saying so long
For days get out my way cause
Girl you know my phone's off
You can try I'm not replying
I've been saying so long
For days get out my way cause

I want it all today
But I won't get my way
I want it all to stop
But you don't
Know quite how to run so you walk it
I don't have my phone cause I tossed it
Now what you gonna go for?
You can try but imma be alone so

Girl you know my phone's off
You can try I'm not replying
I've been saying so long
For days get out my way cause
Girl you know my phone's off
You can try I'm not replying
I've been saying so long
For days get out my way cause
