Sweet Boy

Malcolm Todd

Can we go home now
It's getting later baby
Can we go home now
You think it's time to give up
We're on our own now
No place to drive you crazy
Come share a home now
I'm okay till tonight

Ties get broken
You need space and
You're not mad when
I'm not late now
I'm not there and
You're just fine
But I'm okay
Til tonight

I want you to go
I wrote it in bold
Yeah I got a plan
And you can't be involved
And when it gets gray
Don't start to get mad
'Cause Imma lose time
When you are free to have

Flying out to the city
Been throwing some money at me
I know it's been shitty
To see the attention I'm getting
But it's been coming
Since I been singing baby

Now I'll just see you when I'm on business with everyone, you can listen
You can write me from where you are living

Can we go home now
It's getting later baby
Can we go home now
You think it's time to give up
We're on our own now
No place to drive you crazy
Come share a home now
I'm okay till tonight

Ties get broken
You need space and
You're not mad when
I'm not late now
I'm not there and
You're just fine
But I'm okay
Til tonight
