

You Owe Me

Malcolm Todd

What do you know?
My one and only
Has places to go
Somewhere you don't know me
I'm falling again
I'm losing it slowly
But this isn't the end
The end that you owe me

You want it all but you got me
I think you're a poet you don't know just what I see
But the rear lights gone
I've lost it in my head
And I can't turn me on
Still you can't turn me away, oh, yeah

What do you know?
My one and only
Has places to go
Somewhere you don't know me
I'm falling again
I'm losing it slowly
But this isn't the end
The end that you owe me

I tried to know you 'cause I
can't seem to do it alone, oh-ho
But I always know you [?]
Would you get so far away from home

What do you know?
My one and only
Has places to go
Somewhere you don't know me
I'm falling again
I'm losing it slowly
But this isn't the end
The end that you owe me

Where did you go
I don't wanna know
Somethings breaking, maybe
One of us it breaking
Where did you go
I don't wanna know
Somethings breaking, maybe
One of us-
