

Agony For The Chosen

Malevolent Creation

Enslavement in destruction, I break the seal of my fate
Horrors build but broken still, blood will be my own
Everything you want from me, everything you do
Broken in the folds of hate, this evil takes its form
Broken bones i gnaw, this earth to be my own
Agony I choose, this bloodlust endures

Tear my soul away
Unsheathe seal of death
Empty minds collapse
Enlightened in....

Agony for the chosen, twist the knife, you feel it still
Agony for the chosen, break the seal, you slowly die
Agony" for the chosen, heart pumps slow, little life left
Agony for the chosen, blood runs black, you've reached your end

Beating and clawing, you beg to me for life
Your life is mine, I skin your flesh from bloody bone

Agony forthe chosen
Twist the knife, you feel it still
Agony for the chosen
Break the seal, you slowly die
Agony for the chosen
Heart pumps slow, little life left
Agony for the chosen
Blood runs black, as you seek your end

Your blood is, divine to me
Soulless being in eternal sleep
Agony, for the chosen
A broken corpse, I feed in ecstasy
