

Heart's Song

Mali Music

In this heart of mine is a perpetual cry
lifting up and magnifying Adonai
I try to understand the language from within but it's beyond words
and every time I hear it
something stirs within my soul...

Lord my heart longs
to worship all the day long
in your presence is where my heart belongs
it's beyond words
my heart's song...

In this soul of mine is a burning fire
burning with passion and desire for the Messiah
bubbling deep down in my soul
is a worship out of control...

Lord my heart longs
to worship all the day long
in your presence is where my heart belongs
it's beyond words
my heart's song...

Oh Lord
I surrender to thee
Holy, Holy, Holy
that's what the angels' sing
God Almighty
You deliver me
from the snare of the enemy
Blessed Trinity...
