

Rotten Seed

Malignancy

From vaginal sores seep fetid secretions
Entering the urethra of my engorged cock
Vile juices spread throughout erectile tissue
Veins bulge from flaking foreskin

Embolisms deaden tissue clotted arteries rupture
Lack of blood cause involuntary muscle spasms
Twitching limbs incapacitate
Introduction of foreign enzymes cause implosion
Leukocytes weaken uterine lamprey to feed

Corpuscles are drained for their nutrients
Viral enzymes break down insides
Transforming live tissue into desiccated chunks
Carnivorous eel draws dehydrated matter through genitals

Swollen member spurts bloated bits of viscera
Testicles shrivel until they are non-existent
Penis provides leech with sustenance
Host is stripped of organs
