

## Moon

Malika Ayane

And even if  
i were with you  
and even if  
you were the moon  
and even when  
you felt the gloom  
you'll never leave  
my private room  
i'll never be nobody's fool

i'll never be nobody's fool

not even when  
i run on pride  
not even when  
the day goes blind  
not even when  
the starts collide

i'll never be nobody's fool

Don't be scared  
there's not a war  
never ever feeling low

and even if  
i were with you  
and even if  
you were the moon  
i'll never be nobody's fool

i'll never be nobody's fool
