

Funk Flow!!

Maliq & D'Essentials

Yes, one of those collabos

Yo, pass me the mic and let me drop it, this combined school thing, no one can stop it

Analogue Boy all over behind the Moogs, Kyriz taking it all the way back to the roots

The legendary, it's more than ordinary, MAD Essentials in common, you could get us married, can't deny it

So you got to face the facts, the first soul hip-hop Indo, listen to the scat

It flows mad deep, it's in your bloodclot, we do what we do best, never rest You'll never stop enjoying 'cause we got more than the less

Listen

Let the funk flow inside your soul

Let those rhythms taking control

Moving, shaking, music grooving

Moving, shaking, music grooving

Just drop it, come on, uh uh

Just drop it

Start the second verse, here we go one more time

No doubt that this track will stay on your mind

With the bass and drum making you feel the beat

Plus electro sounds that just tingle your feet

Don't fight it, I know your body wants to move

Just accept it, you can't stand the groove

So clap your hands with the rhythm

Close your eyes, listen to this and be one with them

But listen carefully, please pay attention

'Cause in some point in this track we'll have an intermission

Chill baby, it won't be long

We'll be back before you say "Baby I'm gone"

It's the M to the A to the L-I-Q

Kyriz up in here to entertain you

Come on

Bring back the chorus

Let the funk flow inside your soul

Let those rhythms taking control

Moving, shaking, music grooving

Moving, shaking, music grooving

Can't stop, don't stop, let the beat flow

We got a brand new shit in the stereo

Can't stop, don't stop, let it flow yo (let that funk flow)

We're going to do it and do it, we're going to keep on doing it

Can't stop, don't stop, let the beat flow
