Get Down & Slide

Maliq & D'Essentials

Maybe you and I can celebrate life with something new
Talk to me, all the things that you want me to do with something new
(Mystical move on the floor, now what are you waiting for to get it on)
I wait for something good
(We don't need no invitation, step into new dimension, free fantasize)
You got me going on all night

DJ play my favorite song but I'd rather not to dance if it's not with you
Nothing else can turn me on, only you can do
So baby come on down

Come come and get down with me, come come come and slide with me
Get down and slide
Come come and get down with me, come come come and slide with me
Get down and slide

Now that you and I can free our mind in life with something good
Come to me and we'll do all the things we want in life with something new

(Mystical move on the floor, now what are you waiting for to get it on)
I'll wait for something good
(We don't need no invitation, step into new dimension, free fantasize)
You got me going on all night

DJ play my favorite song but I'd rather not to dance if it's not with you
Nothing else can turn me on (ooh baby), only you can do
So baby come on down

Come come and get down with me, come come come and slide with me
Get down and slide
Come come and get down with me, come come come and slide with me
Get down and slide

You can't hide the fire burning in your eyes
I see you shine so bright
To light up the magical love all night
You don't have to stop 'til you get enough
And I'll be by your side
'Cause we're celebrating life
You got me going on all night

DJ play my favorite song (oh baby) but I'd rather not to dance if it's not w
ith you
Nothing else can turn me on (oh baby baby), only you can do
(Only you can do it if you want it, you just got to get down and slide)
DJ play my favorite song but I'd rather not to dance if it's not with you
Nothing else can turn me on, only you can do (only you can do)

Get down and slide in, get down and slide in
Get down and slide in, get down and slide in
Only you can do (only you can do)
Get down and slide in, get down and slide in
Get down and slide in, get down and slide in
Only you can do
