

Just A Baby (Mary's Song)

Mallary Hope

Breathe, just breathe
I can hear the chaos outside
All the fear that fills up my mind
Peace, You bring me peace
The kind that I have never known
To face the journey we are on

Here inside this stable, on this cold December night
I wrap my arms around You, hold my miracle so tight

A baby, You're just a baby
Who came to change the world
And save the hearts of everyone
King above all kings, hear the angels sing
You're worshipped and adored
'Cause You are so much more than just a baby

Hands, tiny little hands
One day You will heal the scars
Of every broken heart
Love, oh, how You'll love
From now and through eternity
Love will be Your legacy

But right now in this stable, on this cold December night
I'll wrap my arms around You and keep You safe tonight

A baby, You're just a baby
Who came to change the world
And save the hearts of everyone
King above all kings, hear the angels sing
You're worshipped and adored
'Cause You are so much more than just a baby

Round yon virgin Mother and child
Holy infant so tender and mild
Sleep in heavenly peace
Sleep in heavenly peace

People came from near and far
Following the star to see Your face

A baby, You're just a baby
Who came to change the world
And save the hearts of everyone
King above all kings, hear the angels sing
You're worshipped and adored
'Cause You are so much more than just a baby

You're more than just a baby, yes
You're more than just a baby
