

Keeping Secrets

Mallory Knox

You got a new guy, but he aint the nice type
I see you with your throat set sight in his eyes
I know it wont, wont, wont be long til
His blood's stop beating and broken his prize
I want you to know that i'm waiting here out of sight
And if he likes beating birds then he's in for a fright
Cause i won't let you out of my sight
You are my girl, for you i will fight

And it's true
I saw him smile as he ripped you apart
I saw his face as you fell to your knees
I saw the bruises paint your body (As your blood ran
free)
And your heart
I heard it smash as it fell to the floor
I had to watch as your world caved in
And i'd do anything now baby
To set you free again

And i know this game was trouble
When i saw your twisted fate
But i promise that i will stop this
And we'll be gone without a trace
And i will burn out that sickly smell
From the house you tried to make
And if i see him onbe way or another
I'll make him wish you never met

And it's true
I saw him smile as he ripped you apart
I saw his face as you fell to your knees
I saw the bruises paint your body (As your blood ran
free)
And your heart
I heard it smash as it fell to the floor
I had to watch as your world caved in
And i'd do anything now baby
To set you free again

If i don't say it once i'll never say it all
If i don't say it once i'll never say it
If i don't say it once i'll never say it all
I'll never say it, i'll never say it

And it's true
I saw him smile as he ripped you apart
I saw his face as you fell to your knees
I saw the bruises paint your body (As your blood ran
free)
And your heart
I heard it smash as it fell to the floor
I had to watch as your world caved in
And i'd do anything now baby
To set you free again

If i don't say it once i'll never say it all

If i don't say it once i'll never say it
If i don't say it once i'll never say it all
I'll never say it, i'll never say it
