

Sugar

Mallory Knox

Here we go again my lover
Here we go again
I couldn't get you out my eyesight
And I can't be alone again so save me

I like the feeling you give me baby
I like the way that you taste woah
I like the feeling you give me baby
Bending love until it breaks

I feel that sugar burning deep inside my lungs
And all we need is just one night to fall in love
I can feel that fire burning over us
I feel that sugar burning deep inside my lungs, inside my lungs

I've had a lot of hard times baby
But I've got time to waste
When everything I do seems crazy
I'm running just to keep the pace and I'd say

I like the feeling you give me baby
I like the way that you taste woah
I like the feeling you give me baby
I'm tired of trying to play it safe

I feel that sugar burning deep inside my lungs
And all we need is just one night to fall in love
I can feel that fire burning over us
I feel that sugar burning deep inside my lungs, inside my lungs

So can you pick me up again?
Fix the blues inside my head?
I can't walk alone on the city streets to try and find myself a
gain
Cause I can show you what's inside
Lay bare these marks of mine
And lose ourselves for a lonely hour and disappear into the nig

I feel that sugar burning deep inside my lungs
And all we need is just one night to fall in love

I feel that sugar burning deep inside my lungs
And all we need is just one night to fall in love
I can feel that fire burning over us
I feel that sugar burning deep inside my lungs, inside my lungs
