Drive Me Round

Mallrat

Are you still awake?
I know you're up late
Lately you can't sleep
You're the same as me

Is it wrong to call
Just to say goodnight?
I should hide my phone
I should let it die

But something in your tone
Said, "Gracie, I'm alone"
They think I'm insane
I think we're the same

And ya drive me 'round

And ya drive me 'round (And ya drive me 'round)
And ya drive me 'round (And ya drive me 'round)
And ya drive me 'round (And ya drive me 'round)
And ya drive me 'round (And ya drive me 'round)

All the roads are empty, boy I love you plenty
(And ya drive me 'round, and ya drive me 'round)
Like you got a sports car, two seat, you, me
(And ya drive me 'round, and ya drive me 'round)
All the roads are empty, say I love you plenty
(And ya drive me 'round, and ya drive me 'round)
Like you got a sports car, two seat, you, me
(And ya drive me 'round, and ya drive me 'round)

All the roads are empty, boy I love you plenty
(And ya drive me 'round, and ya drive me 'round)
Like you got a sports car, two seat, you, me
(And ya drive me 'round, and ya drive me 'round)
All the roads are empty, say I love you plenty
(And ya drive me 'round, and ya drive me 'round)
Like you got a sports car, two seat, you, me
(And ya drive me)
