

Wanna fly up, never come down  
You and I on a number nine cloud  
Break a few hearts, let 'em all down  
Tell your other girls never come 'round

I just think it's someone else's turn for getting hurt  
I'm starting to believe that this is something that could work  
Wanna say I'm sorry, didn't mean to brush you off  
Built up my defences and I'm always acting tough  
But I just wanna see you when I open up the door  
I think I'm gonna miss ya when it's time to go on tour  
I just wanna make your life as good as it can get  
I'll be your lucky charm, just let me hang around your neck

Dance until the night's the morning  
I'm still here 'cause you're still here  
Dance until the night's the morning  
Let's hide away, hide away

And I hold back singing your praise  
Yeah, I know  
That I'm standing in my own way  
Whoa  
And you won't believe what I'd say  
So, I don't  
But do you understand that I'm missing your face?  
Oh, I can't wait to go back

I just think it's someone else's turn for getting hurt  
I'm starting to believe that this is something that could work  
Wanna say I'm sorry, didn't mean to brush you off  
Built up my defences and I'm always acting tough  
But I just wanna see you when I open up the door  
I think I'm gonna miss ya when it's time to go on tour  
I just wanna make your life as good as it can get  
I'll be your lucky charm, just let me hang around your neck

Dance until the night's the morning  
I'm still here 'cause you're still here  
Dance until the night's the morning  
Let's hide away, hide away

Dance  
I'm still here 'cause you're still here  
Dance until the night's the morning  
Let's hide away, hide away
