

# My Darling, My Angel

**Mallrat**

There are drinks that I skull  
There are rocks in my skull  
And I loved you a lot, so  
I became a soft glow

Mmm, my darling  
Mmm, my angel  
You could show up right now  
I could be so grateful

Felt that I was fleshless  
Anchored by my necklace  
Now my eyes are sparkling  
Thinking 'bout my darling

Mmm, my darling  
Mmm, my angel  
You could show up right now  
I could be so grateful
