

## Ray of Light

Mallrat

Look outside and I'm amazed  
How the clouds are making shapes  
And I try move them with my mind  
Until I'm left with empty sky  
Oh yeah, well, time will tell  
How long until I break this spell?  
But I keep a ring of salt  
Around you babe, around you babe

Look outside the day begins  
A golden orb above me spins  
A pair of wings catch in the silk  
Invisible threads hold her still  
Oh yeah, well, time will tell  
How long until I break this spell?  
I'm a moth and there's a glow  
Around you babe, around you babe

Ray of light please don't be right 'cause  
Once I choose ya, I can't lose ya  
Ray of light please don't be right 'cause  
Once I choose ya, I can't lose ya  
Ray of light please don't be right 'cause  
Once I choose ya, I can't lose ya  
Ray of light please don't be right 'cause  
Once I choose ya, I can't lose ya
