

Sunglasses

Mallrat

write the script
to play the part
take the things
they say to heart
we're late to class
don't wait for us

everyone around you wears the same sunglasses
glasses, glasses, do it for my classes
everyone around you wears the same sunglasses
plastic, plastic, everything's a tactic
everyone around you wears the same sunglasses
glasses, glasses, put it in the basket
everyone around you wears the same sunglasses

write your name
and draw a heart
play the part
just play the part
fastest, fastest, pass 'em like the fastest
everyone around you wears the same sunglasses
caution, fashion
bat your pretty lashes
everyone around you wears the same sunglasses
plastic, plastic, everyone's an actress

everyone around you wears the same sunglasses
glasses, glasses, put it in the basket
