Mallrat

write the script  
to play the part  
take the things  
they say to heart  
we're late to class  
don't wait for us

everyone around you wears the same sunglasses  
glasses, glasses, do it for my classes  
everyone around you wears the same sunglasses  
plastic, plastic, everything's a tactic  
everyone around you wears the same sunglasses  
glasses, glasses, put it in the basket  
everyone around you wears the same sunglasses

write your name  
and draw a heart  
play the part  
just play the part  
fastest, fastest, pass 'em like the fastest  
everyone around you wears the same sunglasses  
caution, fashion  
bat your pretty lashes  
everyone around you wears the same sunglasses  
plastic, plastic, everyone's an actress

everyone around you wears the same sunglasses  
glasses, glasses, put it in the basket
