

When I Get My Braces Off

Mallrat

I'm 16 in October
My boyfriend's a bit older
He's just about to graduate
And I just dropped out yesterday
So yeah I'm feeling lovely
Wonder if you'll love me
'Cause I swear I can hear a voice that's telling me I'm ugly
I say, "Shut the fuck up
I'm tougher than a boxer."
When I get my braces off I'm gonna be a rockstar
I wanna dye my hair blue
Wanna cut it all off
Wanna grow it all back
Wanna dye it all black

I bet you hate what I like
Bet you hate what I like
Bet you hate what I like
Bet you hate what I hate what
Bet you hate what I like
Bet you hate what I like
Bet you hate what I like
Bet you hate what I hate what

They think I've got potential
I think they wrong girl
I'm skippin' school like jump rope
I stay out when the sun goes
And I don't ever tell ya
Even though it hurts me
I'm counting all my silver coins
I'm gonna get a Slurpee
Meet me in the city
Meet me at your bus stop
Barely even smoking but my sister says I must stop
I wanna dye my hair blue
Wanna cut it all off
Wanna grow it all back
Wanna dye it all black

I bet you hate what I like
Bet you hate what I like
Bet you hate what I like
Bet you hate what I hate what
Bet you hate what I like
Bet you hate what I like
Bet you hate what I like
Bet you hate what I hate what

Bet you hate what I like
Bet you hate what I like
Bet you hate what I like
Bet you hate what I hate what
Bet you hate what I like
Bet you hate what I like
Bet you hate what I like
Bet you hate what I hate what
