

Bury the Dead for You

Malrun

Bury the dead for you
You're all I ever wanted
Bury the dead for you
To hell with all who cross...
Who cross our way

Maybe I'm too twisted
Could be I assisted
In turning bad into worse
But when he asked for your hand
He asked for trouble for sure
(At least that's how I see it)

Bury the dead for you
You're all I ever wanted
Bury the dead for you
To hell with all who cross...
Who cross our way

This won't be the first time
I buried the dead before
Won't even be the last time
I'm sure there will be more
No man will ever get your hand
That is one thing I guarantee
They are never gonna take you
Take you away from me

You are my salvation
My true motivation
I hope you will realize
That happiness has its prize
I pay the dues for the both of us
(One day you'll appreciate)

Bury the dead for you
You're all I ever wanted
Bury the dead for you
To hell with all who cross...
Who cross our way

Bury the dead for you
For now we're in the clear
Bury the dead for you
No one shall interfere
Shall interfere

Shall interfere
