

## Down By The River

Malukah

Lace your heart with mine  
Let your sleeping soul take flight  
Take me through the night  
Down, down, down by the river  
Down, down, down by the river

Hanging moon in fog  
Mists will lead where you belong  
Sweep me off my feet  
Down, down, down by the river  
Down, down, down by the river  
Down, down, down by the river

Inky embers  
Swirl and dance (Swirl and dance)  
Just leave the flames and take a chance  
To be with me tonight  
Take my hand  
And hold it tight  
'Cause you and I are everywhere  
The night is young, and we're going  
Down, down, down by the river  
Down, down, down by the river  
Down, down, down by the river

Don't wake me up  
Just leave me there dreaming
