

# The Dawn Will Come

Malukah

Shadows fall  
And hope has fled  
Steel your heart  
The dawn will come

The night is long  
And the path is dark  
Look to the sky  
For one day soon  
The dawn will come

The Shepard's lost  
And his home is far  
Keep to the stars  
The dawn will come

The night is long  
And the path is dark  
Look to the sky  
For one day soon  
The dawn will come

Bare your blade  
And raise it high  
Stand your ground  
The dawn will come

The night is long  
And the path is dark  
Look to the sky  
For one day soon  
The dawn will come
