

Dance Together

Mamalarky

What are you thinking?
What are you thinking when you stand on the sides?
I feel the same way too
That is exactly why I walked up to you

Dance, dance together
But I don't know how to dance
Maybe you do

It's so appealing
Glittering fractals moving across the roof
So glad you asked me to
I belong in a state of constant motion

Dance, dance together
But I don't know how to dance
Maybe you do
Dance, dance together
But I don't know how to dance
Maybe you do

Appreciation
Gesticulation in this golden hour
Had a great night with you
Time to depart into the fog and the gloom

Dance, dance together
But I don't know how to dance
Maybe you do
Dance, dance together
But I don't know how to dance
Maybe you do
