

## Hex Key

Mamalarky

This is it  
Can't help it  
Come on in  
My orbit  
This is it  
Come on down  
Take a sit on a star  
I won't be far  
This is it  
You're well equipped  
Let's begin

It feels incredible  
If nonconventional  
This is the pinnacle  
You are what I'm looking for  
Forever cheering encore  
Would you be my love mentor?  
This is it  
Can't help it  
This is it  
Guess I found a way in  
Your fortress  
No waiting list  
Come on in  
I went off script  
Let's begin

It feels exceptional  
So unforgettable  
This is the pinnacle  
You are what I'm looking for  
If we become a pair  
Blissfully unaware  
Of any earthly cares  
I think there's something there  
Through all the challenges  
Fixed with your Allen wrench  
I'm always wanting more  
You're all I was looking for
