Now I finally know, Baby
Why everything is so special
After I met you, always

I finally met you, baby
This might be the last, maybe
This feeling, everything
It's perfect, I like it so much

I'm not saying this
Like a child
Or like it's just in the moment

You came to me
And changed my world like a hero
I don't want to worry, no way
If I can go with you
I can go to the end of the earth, on & on

A different me who has been
Sleeping inside has awakened
You, who I've waited for, have come

Oh it's an electric feeling, you you you
I can't think of anything
When I look into your eyes
I've never said this before
Each day feels like one minute
When I'm with you

Fi fi finally
Fi fi fi finally

You are my destiny, Actually
No matter what anyone says, love me
Stay by my side, baby

I'm happy just like this, really
I keep thinking of you, day day
All my heart that I saved up
I want to give you it all without hiding it

Blow your mind
Don't be jealous anymore
I'll fill up your lonely nights
Even if I seem crazy
I'm alright, I'm alright

I wanna be honest
Come closer
I'm curious, I can't sleep
How do you feel now?
I'm going crazy
Feels like I'm walking on a cloud
Call me with your low voice
My name

Oh it's an electric feeling, you you you
I can't think of anything
When I look into your eyes
I've never said this before
Each day feels like one minute
When I'm with you

Felt like a dream
When I first met you
It was a future I only imagined of

I think I've truly fallen
I'll only think of you
So I can't think of anything else

Oh it's an electric feeling, you you you
I can't think of anything
When I look into your eyes
I've never said this before
Each day feels like one minute
When I'm with you
