All Right

I'm glad you're here Friday night
Everything except you is Black & White
(Yes I'm) Falling in love
My heart beats faster than when I run
(How) will you accept me

(Like a man) no you come on too strong
She is startled
(Carefully) say hello first

Hello Lady you're my style
You're an attractive woman
And I fell in love at first sight
Before the sun rises
How about a cup of coffee together
Just us two

I like U Fallin' love with U
I can only see your face in the darkness
I'm attracted to your blissful eyes
I like U Fallin' love with U
Friday night I want you
(Always be my baby)

I'm glad you're here Friday night
Everything except you is Black & White
(Yes I'm) Falling in love
My heart beats faster than when I run
(How) will you accept me

(Like a woman) no pretending is awkward
So what if I'm easy-going
(Carefully) I'll say hello first

Hello Baby you're my style
You're an attractive guy and I'm in love at first sight
Before the sun rises
How about a cup of coffee together
Just us two

What Time?
Current time is 11 O'Clock Friday night
I think I've seen this before in a Drama on TV
The moment I saw you my Trauma disappeared
Everyone except you all stop
I waited for you and you illegally parked in front of me
I can see the cold sweat dripping down your forehead
Hey I better wipe the drool from the corner of my mouth

Tonight is the night I've been waiting for
It was close but we were lucky
