Come on My Funky boy

Where did this kid come from
Don't regret it when it's too late
You won't be able to know until you've been through it
Don't make haste predictions (I'm that cool)

A dizzy moment, the moment I obtained it
(Oh No) I was dizzy
You think that's it when you strip the packaging
It says right here that I'm fragile

One Two Everybody

Light on me Listen to me
Give him a stern warning
(Funky boy I'm funky boy)
There was no lame manual to begin with
(Don't you know)
Come on My Funky boy
My Funky boy

How did you end up with me?
(What I'm saying is that you're very lucky)
You're wrong if you think that saying I'm cute will solve everything
(If you do that you have a thing coming for you)

It's obvious that we are falling out due to immature expectations
I'm too easy going so you get arrogant
Like a fool

No two days were the same
Every day came with a warning of fluttering heart What I'm dream of

Light on me Listen to me
Give him a stern warning
(Funky boy I'm funky boy)
Don't mess with me whenever you feel like it
(Funky boy I'm funky boy)
There was no lame manual to begin with
(Don't you know)
Come on My Funky boy
My Funky boy
Come on My Funky boy
My Funky boy

When the day goes by I softly raise my head
What was embracing me on the inside
It's real me It's real me
Just Listen up
You say that I'm too much?
All women are like that
Stop calculating my value Understand
I'm sick of things being like this every time

Light on me Listen to me
Give him a stern warning
(Funky boy I'm funky boy)
Don't mess with me whenever you feel like it
(Funky boy I'm funky boy)

Don't try to hide me in a fancy packaging
Don't be mistaken that you have all of me
This is only the beginning (Don't you know)
Come on My Funky boy
