In this vast world somewhere
Someone to only look at me
Someone who would care for me more than anyone
Even if it's childish
Even if it's not, even if it wouldn't happen
I want to believe, I'm waiting for that kind of you
I'm waiting for you

Where are you, you you you what are you doing
I I I want to ask
I wanna know (wanna know)

One day, suddenly, hurry and come to me
Yeah, where are you

Baby

Where R U Where R U Where R U
Where R U Where R U Where R U
Come, come to me
I'm waiting here
Where are you who I'm looking for
Where R U oh Where R U

I'm here

You're still not late right now
Do you want to eat and watch a movie just the two of us
The corners of my lips are curling up just thinking about it
If you can't sleep, I'll call you
Where are you, pick up the phone

Even if it's not, even if it wouldn't happen
I want to believe again
Even if I get fooled again and again, I want to meet you now

Where are you, you you you what are you doing
I I I want to ask
I wanna know (wanna know)
One day, suddenly, hurry and come to me
Where in the world are you

Baby

Where R U Where R U Where R U
Where R U Where R U Where R U
Come, come to me
I'm waiting here
Where are you who I'm looking for
Where R U oh Where R U Oh Where R U

I hope you, whose name I don't know, feel the same as I do
Wherever you are
So that you can recognize me at a glance
Like a shining star
I'll be waiting for you

So
Where R U Where R U Where R U
Where R U Where R U Where RU
Come, come to me
I'm waiting here
