It's my obvious love story
It's just a common breakup
You may already know while you're gone
I was so lonely and it was just hard

When I was with you
Why couldn't I be nicer to you?
Why are the sweet words lingering in my mouth now?
How many times yeeyah yeeyah
Do I just regret? Ahyeyeah
Only the flowers are so beautiful

Wind flower wind flower
The story of us who missed each other on the way
Wind flower wind flower

Woo woo woo do we only break up?
Du du du do only two of us feel the pain?

Like the petals that will bloom again (Like the petals, yeah)
Get better day by day
Get better day by day

It's a good day with the breeze (Good day all day)
A carefree night being alone (A carefree night)
Woo woo woo gloomy days are gone
Get better day by day
Get better day by day

You deserve it yes, it was the only breakup
I check outside at the noise
The one who is knocking is stupid
The food on the table
A late dinner alone as if I'm okay
Lethargy, emptiness and loneliness, yeah
It's cloudy I feel down
Everyday isn't normal
Everything is irritating why?

When we were together
Why couldn't we be more beautiful?
Why am I filling the song for only us with the lyrics about breakup?
It hurts yeeyah yeeyah
Do I just regret? Ahyeeya
Only the flowers are so beautiful

Wind flower wind flower
We looked alike but now we've changed
Wind flower wind flower

Woo woo woo do we only break up?
Du du du do only two of us feel the pain?
Like the petals that will bloom again (Like the petals, yeah)
Get better day by day
Get better day by day

It's a good day with the breeze (Good day all day)
A carefree night being alone (A carefree night)
Woo woo woo gloomy days are gone
Get better day by day
Get better day by day

If I didn't like you at that time
There wouldn't be this common breakup
From the day I started to call you and me separately
Comfort for me became my responsibility completely
As if it's nothing special I live today

Woo woo woo do we only break up?
Du du du do only two of us feel the pain?
Like the petals that will bloom again (Like the petals, yeah)
Get better day by day
Get better day by day

It's a good day with the breeze (Good day all day)
A carefree night being alone (A carefree night)
Woo woo woo gloomy days are gone
Get better day by day
