

Circles

Mammoth WVH

Just tell me when
Loss of a friend
We've gone in circles wondering
Just tell me when

It's almost over
Was there anymore I could do?
Did I go too far?
We're back to the start

Lost in my head
Plague of regret
We've gone in circles wondering
Lost in my head

It's almost over
Was there anymore I could do?
Did I go too far?
We're back to the start

I'll take it back
Whatever that means
I'll wait for you
Bend to your will
Whatever it takes
I'll wait for you

It's almost over
Was there anymore I could do?
Did I go too far?
We're back to the start
Don't take this from me
Don't do this to me
There's too much to lose
