

Don't Back Down

Mammoth WVH

Breathe it in
All the madness around you
Feelin' like it's the end of days
Thrown aside
Now you know that you want to
They don't know better anyway

Yeah!
Everybody's goin' crazy
Yeah!
Won't be long until we're dead and gone

A revival
Another reprisal
Hurry up
Better not be late
Time to go
Need to know that you're in this
Take a stand
Don't hesitate

Yeah!
Everybody's goin' crazy
Yeah!
Won't be long until we're dead and gone

(Hold on)
Don't back down
Just don't back down
Don't back down
Just don't back down
(Hold on)
Don't back down
Just don't back down
Don't back down
Just don't back down

(Hold on)
Don't back down
Just don't back down
Don't back down
Just don't back down
(Hold on)
Don't back down
Just don't back down
Don't back down
Just don't back down

Spew the hate
Ain't it great now that we're through?
Eyes are open
You've made your case
Now you're done
I don't think that you need to
They won't know

Yeah!

Everybody's goin' crazy
Yeah!
Don't you look away
Yeah!
Everybody's goin' crazy
Yeah!
Won't be long until we're dead

Dead and gone
Dead and gone
