**Mammoth WVH**

We tried so hard  
It's time to let it go  
We've tried so hard  
It's time to let you know

What would you do if I already knew?  
How do you sleep at night?  
What would you say if I threw this away?  
Is it really worth being right?

Will you wake me?  
I'm falling down  
But I've never felt so alive  
Will you hate me  
When it's all done?  
Cause I've never felt more alive

We tried so hard  
Who knows where we'll go?  
We cried so hard  
But will it really show?

What would you do if I already knew?  
How do you sleep at night?  
What will you say when I throw this away?  
I've never felt more alive

Will you wake me?  
I'm falling down  
But I've never felt so alive  
Will you hate me  
When it's all done?  
Cause I've never felt more alive

And I'll be there when you fall down  
Down  
Down  
We'll all be there to watch you crawl  
And I was there when there was no one else  
But where were you when it went to hell?

Wake me  
Cause I've never felt more alive  
Will you hate me  
When it's all done?  
Cause I've never felt more alive

Wake me  
Alive  
Wake me  
Alive  
Will you wake me?  
Alive  
Cause I've never felt more alive
