

## Feel

Mammoth WVH

It was always the way it was supposed to be  
But it was not enough  
It was always the way that you thought of me  
Was I not enough?

You feel something  
I feel nothing  
I know something's wrong

It's a long long way  
In another day  
Long long way  
It's another day  
It's on the way  
It's on the way

It's a long long way  
In another day  
Long long way  
It's another day  
It's on the way  
It's on the way

Never more than a game  
That's what we agreed  
But it was not enough  
You looked at me like I was a machine  
Was I not enough?

You feel something  
I feel nothing  
I know something's wrong

(It's a long long way  
In another day  
Long long way  
It's another day  
It's on the way  
It's on the way...)  
And I feel  
Like something's wrong  
And I feel  
Like something's wrong  
And I feel  
Like something's wrong  
And I feel  
Like something's wrong  
How were we supposed to know?

(It's a long long way  
In another day  
Long long way  
It's another day  
It's on the way  
It's on the way...)  
And I feel  
Like something's wrong

And I feel  
Like something's wrong  
And I feel  
Like something's wrong  
And I feel  
Like something's wrong  
How were we supposed to know?

(It's a long long way  
In another day  
Long long way  
It's another day  
It's on the way  
It's on the way...)  
How were we supposed to know?...  
That something's wrong?  
How were we supposed to know?
