This life owes you nothing Stop sitting with your hand out No responsibility You claim poverty every fuckin day Fear, all I see is fuckin fear In your eyes Take a step outside your door into the real world I can't trust you With anything Every day Spent living in a fucking bubble Ignore the strains The undisputed facts of life Awake for days In trance-like states Paranoid Disconnected From reality The burdens of life Claustrophobia, the walls are closing in on me Looking at your face Makes me want to take a hammer to your fuckin knees Fear, all I see is fuckin fear In your eyes Take a step outside your door into the real world Like a gunshot to the face The harsh reality washes over you No one to wipe your ass And tell you that it's all ok NO! It's not ok NO! It's not ok I'm sick of your shit And I'm not the only one top of the hate list Your time has come Get up Stand on your feet I will not carry you Get up Stand on your feet About fuckin time you taught yourself to Every day Spent living in a fuckin bubble Ignore the strains The undisputed facts of life NO! It's not ok NO! It's not ok Awake for days In trance-like states Paranoid Disconnected From reality The burdens of life
