### Man Overboard

Well I guess that we are not best friends anymore  
'Cuz I don't think that I like you anymore  
Your washed up, Your fake  
You've lost your touch and I don't get it  
But I don't wanna be your friend anymore

You'll die and I'll say what a waste  
You used to be such a catch  
But now your mess

Well I guess I'm not the same guy anymore

A lot of things became clear to me  
I stand for these antics  
Don't even wanna understand it  
And I don't wanna be your friend anymore

You'll die and I'll say what a waste  
You used to be such a catch  
But now your mess

Well I guess that we are not best friends anymore...
