MAN WITH A MISSION

Crush your brains and grow your mind of sincerity
Flush your head to recall what you wanted to be
Tomatta hibi wo nage dashi tanda
So moikkai and find your growing way

I know the days and music brimming out the sound of lifetime
1997 standing there and getting so high
Wow wow wow we're shouting Wow wow wow we're laughing
Wow wow wow wow I never lost myself more than this

Yuge ga tatsu hodo abare kuruu sono bito
Kirisaku jakkunaifu no yona rizumu
Wow wow wow Hi-Standard rocking on the stage to stay Gold
Wow wow wow wow I never lost myself more than those days

Nothing nothing nothing nothing's changing
Husking See was there for me, I'm walking
Life Life Life Life is going
Yeah the sound is calling me

Crush your brains and grow your mind of sincerity
Flush your head to recall what you wanted to be
Moikkai ushinae bairinda yo
Reraise that fist and free your pain away

Crush your brains and grow your mind of sincerity
Flush your head to recall what you wanted to be
