## MAN WITH A MISSION

I stand alone  
Throughout the restless seasons  
We come and go  
To find that perfect reason  
Follow the light until it's all gone  
Trying to find the place we belong  
One day we'll know Hearing the voice and hearing that song

Hey Yeah Yeah Yeah  
Hey Yeah Yeahahah

Throw away my inhibition  
Tell me I'm not alone  
Somebody take me far  
Just take me far away

Make it all a revolution  
I won't let it go  
Somebody take me far  
Just take me far away

We live and learn  
Through all the days we open  
Enlight and burn  
To feel that very moment  
Follow the light until it's all gone  
Trying to find the place we belong  
One day we'll know Hearing the voice and hearing that song

Hey Yeah Yeah Yeah  
Hey Yeah Yeahahah  
singing on  
Hey Yeah Yeah Yeah  
Hey Yeah Yeahahah

Throw away my inhibition  
Tell me I'm not alone  
Somebody take me far  
Just take me far away

Make it all a revolution  
I won't let it go  
Somebody take me far  
Just take me far away

Hey Yeah Yeah Yeah  
Hey Yeah Yeahahah  
singing on  
Hey Yeah Yeah Yeah  
Hey Yeah Yeahahah

Throw away my inhibition  
Tell me I'm not alone  
Somebody take me far  
Just take me far away

Make it all a revolution

I won't let it go  
Somebody take me far  
Just take me far away
