MAN WITH A MISSION

Yume no atosaki e
Yoake no hi ga mabushiku te
Mata itsuka natte warai
Michi wa doko ka e tsuzuki

Kudara nai koto de warai
Kudara nai koto de nai ta
Ima datte sō daro u
We had to say good bye

Nothing's good to me
Nothing's changing
Time's just passing
Nothing's changing
Last days of our youth
All of us were growing

White snow's falling
Covers slowly
Those days calling
And it's glowing
Last days of our youth
All of us were growing

Don't let me down
Shiroku sekai wa somari
Furitsumotte ku snow snow snow
I'll be waiting there you know

Don't take me back
Cause I will find
Find it out as I go go go
All the answers on this road

Kaze wa yami tsuki wa
Hashagu bokura o terashi
Chōshi hazure no soul beat
Kakinarashite ta heart beat

Sorezore no hibi wa ya te
Omoi de no kakera awase
Tsunagatte I takatta
We had to say good bye

Nothing's good to me
Nothing's changing
Time's just passing
Nothing's changing
Last days of our youth
All of us were growing

White snow's falling
Covers slowly
Those days calling
And it's glowing
Last days of our youth
All of us were growing

Don't let me down
Yobisamashi te memories
Me o tojire ba snow snow snow
I'll be waiting there you know

Don't take me back
Cause I will find
Find it out as I go go go
All the answers on this road

Don't let me down
(Nothing's good to me
Nothing's changing
Time's just passing
Nothing's changing)

Don't let me down
(White snow's falling
Covers slowly
Those days calling
And it's glowing)
