

Mirror Mirror

MAN WITH A MISSION

I find the same old creature knocking on my door
Try not to give in but that thing just asks for more
What a shame everything's a waste of time
What a shame you're the same so nevermind
You're so pathetic like me pathetic and so blind

I don't need your medicine at all
So give me something real
Come on now people say what you want
Say what you want
Mirror mirror tell me where's the world where I belong
I don't need you anymore so say what you want
Say what you want

Walk through my memories I keep on beautify
Can't tell the difference from the truth and a true lie
What a shame believing in the things you see
What a shame and that's the way I used to be
I can go anywhere cause now I feel so free

I don't need your medicine at all
So give me something real
Come on now people say what you want
Say what you want
Mirror mirror tell me where's the world where I belong
I don't need you anymore so say what you want
Say what you want

What makes you think that you're the one that's in my mind
You're so pathetic like me pathetic and so blind

I find the same old creature knocking on my door
Try not to give in but that thing just asks for more

I don't need your medicine at all
So give me something real
Come on now people say what you want
Say what you want
Mirror mirror tell me where's the world where I belong
I don't need you anymore so say what you want
Say what you want
