

Subliminal

MAN WITH A MISSION

Inside the world so ruthless
Run into SNS
So easy and cheesy
I click 'em all not knowing I'm bleeding

Would it be wrong Would it be right
Don't give a damn It's out of my sight
Somebody tell me why
I'm losing my mind, becoming so blind

Inside the world so ruthless
Drown in the Internet
So crazy and blazing
They make the call for pure deranging

Green lights from signs of red
Free from all inside my head
Green lights from signs of red
Free

Oh yeah It's kinda subliminal
Takes control of us
Make us line in one

Oh yeah we're just a material
Spite is portable
And so disposable

WowWowWowWow
Search and troll each other
Tear us all apart

WowWowWowWow
Time is running brother
Let's log out to restart

Stuck in your handmade prison
Inside that tiny cell
So needy and greedy
Go click 'em all, Say Are you Breathing?

Could you be wrong Could I be right
Don't give a damn I'm sick of this sight
Give me reality and not from this
But from our real life

Inside the world so ruthless
Run into SNS
So easy and cheesy
I click 'em all not knowing I'm bleeding

Green lights from signs of red
Free from all inside my head
Green lights from signs of red
Free

Oh yeah It's kinda subliminal

Takes control of us
Make us line in one
