

Take Me Under

MAN WITH A MISSION

I'm so addicted to this tiny world of my own
Stuck in my cage and so abused to the bone

I'm so addicted to this tiny world of my own
Stuck in my cage and so abused to the bone
That was predicted too. See how they panic so good
Fed up with everything being out of order

I hear the morning love affairs
Wake me when it's over □□□□□□
Just like your God has sentenced time

□□□□□□ □□□□
Take me under, take me down with you
□□□□□□□□ □□□ Just take me under
Why don't you take me down with you

So you're addicted too □□□□□□
Fed up with everything 'cause you're just out of order
I see the floating worlds collide
Wake me when it's over □□□□□□
□□□□□□□□

□□□□□□□□ □□□□
Take me under, take me down with you
□□□□□□□□ □□□ Just take me under
Why don't you take me down with you

So take me down with you
'Cause I'll sing here with you

A fragile song
So hope it's closer, hope it's somewhere
When it's over, hope we don't care
I'll be there to bear when it comes true

So take me down with you
We're born in fire, we ride again
□□ Yes God, Just take me under!
Won't you take me down with you

□□□□□□□□ □□□□
Take me under, take me down with you
□□□□□□□□ □□□ Just take me under
Why don't you take me down with you
