

Winding Road

MAN WITH A MISSION

Someday we will find out the truth
Kono kizu no kazu dake
Yamiyo o kakenukeru
Across the long and winding road

I realize desire
And trembling in the anger
Though I know that you're a great liar
The world is painted in dark grey

Konran no jidai ya
Usoto bouryoku no rasenga
Douka anata no mirai e to
Kage otosanu you ni

Going down to reach somewhere together
Mou ichido yume miru yo

Someday we will find out the truth
Kono hoshi no kazu dake
Kibou o terashi dasu
Across the long and winding road

Don't you get so tired
And don't be an outsider
The proof against the fire
On our knees we're down in pray on

Going down to reach somewhere together
Mou nido to hanasanai you ni

Someday we will find out the truth
Kono kizu no kazu dake
Yamiyo o kakenukete odoru
Long and winding road

Standing on the cutting edge of life
Holding a rusty old knife
Asahi ga sashi shimesu made kakeru
Long and winding road

Across the long and winding road

Going down to reach somewhere together
Why can't you face the bleeding

Going down to reach somewhere together
Why can't you face the bleeding

Someday we will find out the truth
Kono hoshi no kazu dake
Kibou o terashi dasu
Across the long and winding road
