

# All Time High

Manafest

I'm at all time high  
I'm at an all time high

You faking your life, I'm the realist alive  
You bathe in the dark while I live in the light  
Try to pull me down, down, down, down (no)  
Wonder why I don't come around now (yeah)

Never taking advice from a quitter  
I'm a triple home run I'm a hitter  
I'm a winner, you're a loser  
That's why there ain't nothing to ya

Caught my wave I'ma go all night  
24/7 go 365  
Living life like I'm never gonna die  
Cause I'm at an all time high  
Don't pull me down, down, down not me  
I'm going off so high I'm free  
Cause I'm at an all time high  
I'm at an I'm at an all time high

You hating with lies, you keep twisting the knife  
Living a lie, why don't you come to the mic  
Try to pull me down, down, down, down (no)  
Wonder why I don't come around now (yeah)

Never taking advice from a quitter

I'm a triple home run I'm a hitter  
I'm a winner, you're a loser  
That's why there ain't nothing to ya

Caught my wave I'ma go all night  
24/7 go 365  
Living life like I'm never gonna die  
Cause I'm at an all time high  
Don't pull me down, down, down not me  
I'm going off so high I'm free  
Cause I'm at an all time high  
I'm at an I'm at an all time high

Caught my wave I'ma go all night  
24/7 go 365  
Living life like I'm never gonna die  
Cause I'm at an all time high

Caught my wave I'ma go all night

Living life like I'm never gonna die  
Cause I'm at an all time high  
Don't pull me down, down, down not me  
I'm going off so high I'm free  
Cause I'm at an all time high  
I'm at an I'm at an all time high

I'm at an all time high

I'm at an I'm at an all time high
