

Bring The Fire

Manafest

Armed to the teeth, smell of defeat
Praying for peace, hide in the streets
Let's stop it, no running, no hiding, it's coming
The sirens are firing, the sky is falling

Bring the fire, bring the fire (oh-oh)
Bring the fire, bring the fire (oh-oh)
Lying on your doorstep, here for more (oh)
Bring the fire, bring the fire (oh)
Bring the fire

Sound of the drums, daughters and sons (not the ordinary)
Now is the time, open your eyes (it's extraordinary)
Let's stop it, no running, no hiding, it's coming
The sirens are firing, the sky is falling

Bring the fire, bring the fire (oh-oh)
Bring the fire, bring the fire (oh-oh)
Lying on your doorstep, here for more (oh)
Bring the fire, bring the fire (oh)

Get ready, you ready? (oh-oh-oh)
Get ready, you ready? (whoa-oh-oh)
Feeling alive, we never die
Get ready, you ready?

Bring the fire, bring the fire (oh-oh)
Bring the fire, bring the fire (oh-oh)
Lying on your doorstep, here for more (oh)
Bring the fire, bring the fire (oh)
Bring the fire

(Oh-oh-oh)
The sky is falling (oh-oh-oh)

Bring the fire, bring the fire (oh-oh)
Bring the fire, bring the fire (oh-oh)
Lying on your doorstep, here for more (oh)
Bring the fire, bring the fire (oh)
Bring the fire
