Manafest

Goodbye, goodbye
Goodbye, I'll be in California
Goodbye, goodbye

Goodbye, goodbye
Goodbye (Ohh-woahoh)
Goodbye, goodbye
Goodbye (Ohh-woahoh)

Goodbye and my bags are packed
I'm on a plane, thas' what's up
Girl on my side said "that's enough"
Goin' down south where the surf is up

I got my four fingers up
Two twists in the middle
And I can't wait for the summer, thas' for shizzles

Night-out workin' in the studio (step up)

One chance one shot
Take it to the top
Keep our feet planted on the rock
Pay respects to my family and friends
It may be awhile til' you see me again

(So)

Goodbye, goodbye
I'll be in California
Goodbye, goodbye
No way I'm waitin' for ya
Leavin' behind this place
Ridin' the gravy train
Just thought I'd stop to warn ya
Found my spot in California

Goodbye, goodbye
Goodbye (Ohh-woahoh)
Goodbye, goodbye
Goodbye (Ohh-woahoh)

Goodbye to the ice and cold
Snow patrol, seasons froze
30 below, I can't feel my toes
Go coast breeze no fear we roll

I got the sunshine blazing on the top of my head
Slide in [?] is where I am
Wake up, not dreamin', sun every season
Walkin' on air, what a feelin'

Some people don't live before they die
Right now it feels good to be alive

Goodbye, goodbye
I'll be in California

Goodbye, goodbye
No way I'm waitin' for ya
Leavin' behind this place
Ridin' the gravy train
Just thought I'd stop to warn ya
Found my spot in California

Goodbye, goodbye
Goodbye (Ohh-woahoh)
Goodbye, goodbye

Okay
Run away with my high-school babe
We got ink'd up in LA
And never workin' nine to fives
No way
I won't waste another day
I'm breaking out of that cage
Cause' baby I'm born to be wild

Goodbye, goodbye
Goodbye (Ohh-woahoh)
Goodbye, goodbye
Goodbye

Goodbye, goodbye
I'll be in California
Goodbye, goodbye
No way I'm waitin' for ya
Leavin' behind this place
Ridin' the gravy train
Just thought I'd stop to warn ya
Found my spot in California

Goodbye, goodbye
I'm off to California
Goodbye, goodbye
No way I'm waitin' for ya
Leavin' behind this place
Ridin' the gravy train
Just thought I'd stop to warn ya
Found my spot in California

Goodbye, goodbye
Goodbye, California
Goodbye, goodbye
Goodbye (Ohh-woahoh)

It's California bro, ya know...
