

Cleanin' Out My Closet

Manafest

You put a lie into my head
And a war inside my heart
Try to push me off the ledge
Wanna see me fall apart
Offer me the world thinking
You're the one in charge
But I know that you're the devil
Only wishing you were God

Kidnapped and held for ransom
My thoughts behind the bars
Nightmares inside this mansion
I wanna make it stop

Get out of my head
Get out of my head
If the dawns after the darkness
I'm cleaning out my closet

Get out of my head

One step two step
Put me to the test
Got me hanging by thread
Try to leave me for dead
One lie two lie
Smell it on your breath
It's the poison in my cup
Now you've got me seeing red

Jail break I'm not your captive
This time you've gone too far
My soul you thought you had it
It's time to go to war

Get out of my head
Get out of my head
If the dawns after the darkness
I'm cleaning out my closet

Your lies have got me nauseous
Lately I'm feeling exhausted
If the dawns after the darkness
I'm cleaning out my closet
Get Out

Get Out of my head
Get out of my head
Get out of my head
Get out of my head
Get out of my head
If the dawns after the darkness
I'm cleaning out my closet

Get out of my head
