

Here Comes Trouble

Manifest

I'm a wild fire
I'm an outlier
Pit fighter
Got a bad reputation
Like a rottweiler

I'm a live wire
Pull an all nighter
Bad reputation

Here comes trouble
Here comes trouble

Songwriter
Cosigner
Stage diver
Rhyme cypher
Yeah, I'm losing my patience
No apologies
There's no stopping me
I got no limitations

Here comes trouble
Dominate every game I play
Here comes trouble
Doesn't matter if the haters hate

I got a bad bad habit
Dominate every game I play
Bad bad habit
Can't help it if the haters hate

I'm like dynamite
Got a reel full of highlights
Living up to the hype

I got a bad bad habit
Dominate every game I play

Here comes trouble
Here comes trouble
Here comes trouble

Dominate every game I play
Here comes trouble
Doesn't matter if the haters hate

Ha ha we non stop
Coming at ye like a freight train
One way
It don't matter what the haters say

Move over
Cause I'm coming
I told ye
To get ready

Move over
Cause I'm coming
I'm coming, I'm coming

Here comes trouble
Here comes trouble
Here comes trouble

Dominate every game I play
Here comes trouble
Doesn't matter if the haters hate
