

Here I Am

Manafest

Walk each mile through a field of doubt
Feet don't fail me now
Blacking out
I've come too far to quit
Walk on water quick
Out the pit
Gaze up at the sky
God I'm still alive
Out of time
Step into the light
Go left I'm going right

There's a God inside of me
You lied to me
Follow me
Just a wanna be
But never be
Try to keep it
A secret
Hide from me
Always been a poser
Got a reason
For breathing
The God in me
Ye defeated
I feel it
Bow to me
Get a beating
I'm dreaming
Don't talk to me
Game over

I won't go
I buried my feet in the sand
The tide can't take me again
I'm barely alive here I am
I'm barely alive here I am
(I'm barely alive here I am)

Yeah
We got a problem
How we gonna stop them
Modern day Sodom
In Gotham
Forgotten
Who God is
Land of the lost
Is a race to the bottom
It's heartless

I'm cautious
Don't speak out of line
Keeping you blind
Then leave you behind
I don't buy it
Someone's lying
And I can't be quiet

I won't go
I buried my feet in the sand
The tide can't take me again
I'm barely alive here I am
Just holding on, holding on
I won't go
No I won't go
The tide can't take me again
Here I am

I'm calling 9-1-1
Thought they would be here by now
Always be patient my son
Leaders stand out

Here I am
I won't go

I buried my feet in the sand
The tide can't take me again
I'm barely alive here I am
Just holding on, holding on
I won't go
No I won't go
The tide can't take me again
I'm barely alive here I am
(I'm barely alive here I am)
