

Light It Up

Manafest

Light the sky
Write my name
Keep it burning bright
Steal the night
Feel the flame
Gonna feed the fire

Take a ride
Crazy train
Got ye hypnotized
Open eyes
Earthquake
Going worldwide

Light it up
Gonna light it up, up
Light it up
Gonna light it up, up

Set me on fire
Break free go higher
Light it up
Gonna light it up, up
Light it up

Dynamite
Beast mode
We come to life
Let it ride
Explode
See the smoke rise

Come alive
Take a walk
On the wild side
Mezmorized
I'm caught
By the sunshine

Light it up
Gonna light it up, up
Light it up
Gonna light it up, up

Set me on fire
Break free go higher
Light it up
Gonna light it up, up
Light it up

I'm on fire like a millionaire
Got nothing to lose except the smoke in the air
Not going home
But we can't stay here
Set it on fire like we just don't care
Set it on fire
Set it on fire

Just let it burn

Light it up
Gonna light it up, up
Light it up
Gonna light it up, up

Set me on fire
Break free go higher
Light it up
Gonna light it up, up
Light it up...
