

Nemesis

Manifest

Fallen

Snake bite like I'm Adam in the garden
I'm a light so they making me a target
I'm an artist
Till I fall asleep
Till I fall asleep
Forces
Brainwash coming at ya in the morning
Chaos singing like a chorus
I'm crawling
Into deep I'm on my feet

Six minutes to midnight
Caught in a fistfight
Ready to ignite
Like a thorn on the inside
Standing at ringside
Soul is in mid flight

Nemesis
Arrogance
Don't you know I never quit
Thought you had me never did
I'll defeat my nemesis

Nemesis
Hypocrite
Don't you know you're full of it
Thought you had me never did
I'll defeat my nemesis

Soaring
Take flight like an eagle when it's storming
Rise like a phoenix into orbit
It's a warning
Be the end of me
Won't bow my knee
Warring
Die for my freedom never forfeit
Lies keep straying like a bullet
I'ma pull it
It's my legacy
Till were living free

Six minutes to midnight
Caught in a fistfight
Ready to ignite
Like a thorn on the inside
Standing at ringside
Soul is in mid flight

Nemesis
Arrogance
Don't you know I never quit
Thought you had me never did
I'll defeat my nemesis
Nemesis
Hypocrite

Don't you know you're full of it
Thought you had me never did
I'll defeat my nemesis

Never break me
Overtake me
My eyes are wide awake
Never break me
Never changing
No I am not afraid

Never break me
Never changing
My eyes are wide awake
I'm not afraid

Nemesis
Arrogance
Don't you know I never quit
Thought you had me never did
I'll defeat you

Nemesis
Arrogance
Don't you know I never quit
Thought you had me never did
I'll defeat my nemesis
Nemesis
Hypocrite
Don't you know you're full of it
Thought you had me never did
I'll defeat my nemesis
Nemesis

My eyes are wide awake
